Greetings,

*"We are approaching the year end, and what a year it has been. With 2 more months remaining, there is still time for more exciting developments as well. KBA consultancy services in UK and Asia have been very busy. KBA Training has seen an increase in corporate training as well as individuals attending courses. With recent training held in Dubai, China, Saudi Arabia, as well as at our regular venue of Singapore and UK, the positivity of training and consultancy services shows that there is a trend of the industry moving forward. KBAM diving services has also recently been awarded some major inshore diving contracts, with an operating philosophy of working above the compliant standards in Singapore providing clients the assurance of more than compliance which sets a new operating standard that works within the Singapore commercial diving environment.*

*Receiving the Leonard Greenstone award during the IMCA/IOGP diving work group meeting in London with many of our clients and industry friends present was an honour (see more below). With the IMCA Annual seminar in the Hague approaching and OSEA in Singapore, the OPITO Annual Conference in Kuala Lumpur, it will certainly be a busy final few months of 2018, as we look forward to a positive 2019.*

*KBA will continue our mission of 'Making the Difference'.*

*I hope you'll enjoy this news issue. Please feel free to drop me a line if you wish to comment or contribute to future newsletters.*

*Last but not least, join us on [Facebook](#) for regular updates."*

Yours Sincerely,

*Darren Brunton*

## Top News

### 1. KBA receives the 2018 Historical Diving Society Leonard Greenstone Award in London

On 14 September 2018, KBA Directors, Darren Brunton and Brendan Kearns received the prestigious Leonard Greenstone Award from the Executive Director of the Association of Diving Contractors International (ADC I), Philip Newsum, who presented it on behalf of the Historical Diving Society (HDS) USA. This followed the announcement made by HDS in June 2018. The 2018 Historical Diving Society Leonard Greenstone Award was presented to KBA in London, United Kingdom at the Diving Industry Work Group (DIWG) meeting.

Darren, Philip Newsum and Brendan

### 2. KBAT Wins First Prize at InnovJAM Mobile Learning Innovation Day

KBAT together with our partner, AcuiZen, were honoured to be presented with First Prize at the InnovJAM Mobile learning Innovation Day on 27 July 2018 by Mr Tan Wee Beng, Deputy Chief Executive of SkillsFuture SG.

One of the team members in this competition was Kevin Loreda, LMS e-Learning Developer at KBAT who said, *"The InnovJAM Mobile Learning Innovation Day 2018 was indeed a thrilling competition as we faced different competitors of different professional disciplines and specialisations in terms of enhancing mobile learning. We offered a solution to keep the practitioners safe and ready in the maritime industry using a mobile technology that will enable them to be updated, checked and always equipped for the task at hand. Winning the competition was indeed an honour and a step forward for the industry as we race to the new era of digital metamorphosis."*

Kevin(KBAT), JC & Anisha (AcuiZen), Rosemae (KBAT), Tan Wee Beng, Deputy Chief Executive (SkillsFuture)

The aim of the iN.LAB InnovJAM Mobile Learning Day is to encourage enterprises, adult educators, instructional designers, curriculum developers and trainers, to incorporate mobile Learning and Development (L&D) challenge in an organisation. This challenge is an initiative of SkillsFuture SG and Institute for Adult Learning Singapore.

*"Through the challenge, we were able to demonstrate how the marriage of a technology platform (AcuiZen mPower), with subject matter expertise from a leading maritime training, consulting and auditing organisation (KB Associates), could potentially make a big difference in keeping industry practitioners safe whilst raising the overall standards in the industry and its move in tandem with the digital era." - JC Sekar, CEO and Co-Founder of AcuiZen Technologies*

### 3. KBA Auditors Gathering in Singapore

On 26th July 2018, while several of the KBA audit team members were working on various projects in Singapore, we managed to take some time out to catch up. While discussing topics like putting the world to right, we looked into the venue of the Kim - Trump meeting, which was about to take place. We had an enjoyable evening and reminisced on our previous gathering 6 years ago. Let's hope it will not be another 6 years before the next gathering. Not only do we need to Work Hard, we Play hard as well...it is all about work life balance!

### 4. Meeting with Viktor Timohin from Colorado

KBA welcomed Mr. Viktor Timohin to our office to discuss collaboration of KBA services to service providers based in Russia. The meeting was productive with immediate outcomes and a follow-up visit scheduled for late November.

In 2018, KBA has welcomed visitors, delegates and representatives from the following countries - Australia, Argentina, China, Congo, Denmark, France, Holland, India, Indonesia, Japan, Malaysia, Myanmar, New Zealand, Norway, Qatar, Russia, South Africa, Taiwan, USA, UK, Vietnam...a true global reach.

Darren and Viktor

### 5. Visit from Oriental Shiraishi Corporation

KBA welcomed the management team from Oriental Shiraishi Corporation led by Mr Terasaki on 28 August 2018. The meeting was an introduction and potential provision of Oriental Shiraishi Corporation's construction service in tunneling works in Singapore. KBA gave a briefing on the requirements for such pressurised operations and hyperbaric consultancy service. The visit concluded with a visit to KBAT's training facilities.

## 6. KBA Training

During the National Day holiday on 9 August 2018, KBAT continued with business as usual with our international delegates from Japan, India, Australia, New Zealand, France, Luxembourg, South Africa, Malaysia, Indonesia and Singapore who attended the IMCA Trainee Air Diving Supervisor (ADS) course, IRATA Rope Access Training and Client Worksite Representative (CWR) course.

Class of ADS and CWR

## 7. KBA Marine

KBAM signed a Letter of Understanding with Avetics Global Pte Ltd, enabling KBAM to provide a complete survey service above the water line and below the water line. This value-added service will showcase a new method of visual inspection to produce high details and accuracy of data collected, and improve efficiency with reduced downtime. Few organisations have this total service capability and KBAM are excited to be working with one of the leading drone companies in Singapore.

Darren and Avetics Global CEO, WeiLiang

## 8. KBA Europe

After completing the consultancy, training and diving audits at KBA Singapore, Tony Greenwood, Diving Critical Activity Specialist, ExxonMobil Development Company visited KBA Europe's office in Aberdeen, where he met with Brendan Kearns and Colin Alexander.

Tony Greenwood and Brendan

## Industry & Course Updates

### 1. Upcoming Events

#### a. KB Associates Training > OPITO Global 2018, 7 Nov 2018, Kuala Lumpur, Malaysia

KBAT's Management team will be at the OPITO Safety and Competence Conference on 7 November 2018 at the InterContinental Kuala Lumpur, Malaysia. KBA Training will be exhibiting at this event for the third consecutive year. KBAT will be showcasing our portable Saturation Diving Supervisor Dive Control Simulator.

Join us at our booth to try out our new touch panel digital simulator and see how you can run bell checks or a full scale emergency drill. This is a great tool for trainee supervisors to gain panel hours or just to keep your competency in check. You can also find out more about our consultancy and training services. [Click](#) to watch the video below for a preview of KBAT's Simulator Training in session.

Simulator Training for Saturation Diving Supervisors

### 2. Participated Events

#### a. KB Associates > CDAS Diving Safety Seminar

**KBA** Management attended the annual CDAS Diving Safety Seminar on 24 August 2018. The seminar provided insight into the upcoming SS511, Singapore Standard Code of Practice for Commercial Diving. The seminar was well attended and continues to be the leading event within the national commercial diving community in Singapore where like-minded companies and individuals meet and discuss on improving commercial diving safety in Singapore.

## b. KBA Training Centre > Asia Pacific OHS Training Convention 2018

**KBAT** Management attended the Asia Pacific OHS Training Convention 2018 in Singapore. The theme of the Convention was "Emerging Trends and Future Developments in the OHS Training landscape." The aim of the convention - enhance the quality of the training delivered whereby new learning technologies, lifelong learning and industry transformation for skills development and individual competencies can be developed and enhanced. Approximately 150 delegates attended the convention that covered topics and presentations on the Digital workplace and getting the workforce ready for digital learning across

all industry sectors. The KBAT representative who attended the convention commented, "*The traditional mode of classroom based training will remain and have a place for the foreseeable future. However, we have to bring in new ways of training using Virtual Reality, ByteSize learning using technologies such as APPs and robots. The question is, what is next?*" Training has to embrace new ways of engagement, technology, and consider the target audience. Failure to adapt will result in failure to survive."

## c. KBA > 4th Asia Offshore Wind Day Taipei

KBA's Group Managing Director, Darren Brunton, attended the 4th Offshore Wind Day in Taipei, Taiwan on 18 September 2018. Over 400 delegates attended the seminar, which was an excellent platform to meet new clients from across the region and Europe in the renewable energy - offshore wind sector.

## 1. Safety Department NEWS

### a) Courses Conducted Over the Past 3 months

i. [NEBOSH International General Certificate in Occupational Health & Safety \(IGC\)](#) ~ 16 - 27 July 2018, Singapore

This popular training provides an excellent underpinning knowledge of health & safety, as well as a sound basis for evaluating (and managing) potential hazards and risks.

Feedback received:

- "*Jason is an engaging trainer and provided many practical examples. He is encouraging and engaged with everyone in class. The mock exams and sample questions were very helpful. Trainer and admin staff were also very informative.*" - Hon Phui Hung
- "*I enjoyed the comprehensiveness and experience of the trainer, and the visual presentation of the materials. The course and discussion gave me more in-depth understanding.*" - Cloe Lee

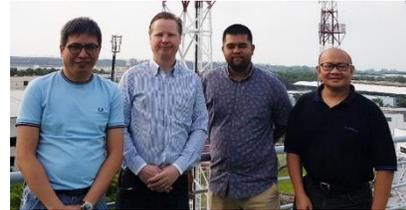

The next full-time training will be in Singapore from 19 - 30 November 2018. [Email us](#) for more information or [Click here](#) for the course flyer.

ii. [NEBOSH International Technical Certificate in Oil & Gas Operational Safety \(IOG\)](#) ~ 13 - 17 August, Singapore. Trainer - Joe Eades

This course is a professional qualification that allows individuals to gain a good grounding in the operational safety requirements in the oil and gas environment. This qualification has been professionally structured as a competency development course for personnel working in the safety industry, to equip them with vital specialised safety training and know-how.

Feedback received:

- "I enjoyed the case studies and discussion. The course gave me more in-depth perception." - Ng Wai Yip
- "There was interaction between trainer and participants, and the explanation was interesting." - Revelino Stevie

The next full-time training will be in Singapore from 3 - 7 December 2018. [Email us](#) for more information or [Click here](#) for the course flyer.

iii. [NEBOSH Health and Safety at Work Qualification](#) ~ 16 - 18 August 2018, Myanmar.

This qualification provides the day-to-day understanding of the management of health and safety in the workplace. It equips you with the knowledge to identify and deal with hazards at work, and reduce accidents.

"This is the second batch of Health and Safety at work delegates with Global Enchanting. Delegates were drawn from various industries and they were willing to engage in collaborative learning through classroom interactive activities. Delegates were hard working and experienced in the health and safety industry such as Safety Coordinator, Executives and Managers. Delegates demonstrated positive motivation to learn and participated in all classroom learning activities." - Jason Yap, Lead Trainer/Consultant

Feedback received:

- "Thank you. An excellent course and an amazing trainer. I will be able to apply the skills learnt." - Kyaw Kyaw Tun

The next full-time training will be in Singapore from 12 -14 December 2018. [Email us](#) for more information or [Click here](#) for the course flyer.

iv. [IOSH Incident Investigation](#) ~ 26 - 27 July 2018, Singapore (students from V ships, oil spill response and National University of Singapore)

This course aims to provide learners with an understanding of the importance of accident investigation, the methods adopted in investigating accidents, the importance of reporting and understanding how to react to ensure effective reporting.

Feedback received:

- "I enjoyed the interactive session and the practical interview session was realistic. As expected from KBAT, this course is also excellent and well designed for learning." - Suneel Kumar

- "I was able to apply the theory and feedback received for improvement." - Jeremi Ong

Please [contact us](#) for the schedule of our next full-time training course or [Click here](#) for the course flyer.

---

**v. [Train-the-Trainer in Education and Training](#) ~ 31 July - 2 August 2018, Brunei for Kruez Subsea (B) Sdn Bhd**

*"Five of the learner were from Kreuz Sub-Sea Brunei's HSE department and one from HR. The three-days bespoke train-the-trainer workshop was designed based on collaborative learning approach, and learners were able to draw from their working experiences to participate in the various interactive learning activities. Overall, the learners were positive, participative and very engaging. This was reflected in their final day 'Micro-learning' presentation where each learner shared a topic of their choice with peer and self-assessment conducted as part of the constructive feedback learning cycle."* - Jason Yap, Lead Trainer/Consultant

Feedback received:

- *"The course was very well thought through and very well designed to train the adult learners like myself. As I plan to conduct some classes related to my field of work in the near future, this course provided a guideline to cater to the needs of adult learners."* - AK HJ Mohd Zulqarnain

Organisations who wish to develop a bespoke training programme for your staff, please [contact us](#).

---

**vi. [Develop a Risk Management Implementation Plan \(BizSAFE Level 2\)](#) ~ 13 - 14 August 2018, Singapore**

*"Trainers were trained on compliance to WSH (Risk Management) Regulations and the Risk Management Code of Practice (RMCP) covering the concepts, principles and implementation of risk management at their workplace. The collaborative learning workshop covers formation of risk management team, conduct risk assessment, strategy to control and monitor risks, and the communication of risks to all stakeholders."* - Jason Yap, Lead Trainer/Consultant

Feedback received:

- *"I've gained valuable knowledge from this course."* - Juhari Bin Ary

The next full-time training will be in Singapore from 1 - 2 November or 27 - 28 December 2018. [Email us](#) for more information of [Click here](#) for the course flyer.

---

## **2. Diving Department NEWS**

### **a) Announcement**

#### **i. [Divers Beware Notice by Kirby Morgan Dive Systems, Inc. \(Counterfeit Kirby Morgan 28 Band Masks\)](#)**

Kirby Morgan Dive Systems Inc., (KMDSI) has announced that the KMB28 is solicited as a Genuine Kirby Morgan product. It is reported that KMDSI has inspected and tested the counterfeit KMB28 and their findings showed that it was well below the KMDSI standard for safety. The KMB28 BandMask visually appears to be the same as the genuine KMB28. [Click](#) here to read more.

## b) Courses Conducted Over the Past 3 months

### i. [IMCA Assistant Life Support Technician](#) ~ 19 - 28 July, Singapore

This training is the fundamental course for new entrants to the IMCA Life Support Technician. It equips personnel with the necessary skills to control the chamber environment and to have the knowledge of physics, physiology and medical aspects so as to support divers in a high pressure environment.

As individuals and companies start to get prepared for the shortage of trained personnel due to the exodus of many in recent years, it was encouraging to see that courses are filling up and being asked for - KBAT conducted its first ALST course since the start of the industry downturn in 2014/2015. Due to popular demand, the training from 19 - 28 July was a full class. Many of them had job offers of work to go to once they had qualified. The students found the course demanding but ultimately rewarding after passing the end of course examination.

"There is a lot of information and facts to learn in the 9 days of the course, which is particularly difficult for new entrants who have never been involved in the diving industry previously. We start by sending them pre-course reading material and basic calculations to learn. That way, it give students a headstart and lets them know what they are in for," said Alan Rhodes, Head of Diving Training Department

"There is a lot of information and facts to learn in the 9 days of the course, which is particularly difficult for new entrants who have never been involved in the diving industry previously. We start by sending them pre-course reading material and basic calculations to learn. That way, it give students a headstart and lets them know what they are in for," said Alan Rhodes, Head of Diving Training Department

Feedback received:

- "I enjoyed the discussions we had with the trainer because he gave his 100%." - Jashanpreet Singh
- "The method of instruction was excellent and you have the best man to teach - Alan Rhodes is the best." - Suman G.
- "I enjoyed the class presentation. It was good to have a class full of jokes and good information." - Sandeep G.

Please [contact us](#) if you are interested to attend our next IMCA Assistant Life Support Technician's course. [Click here](#) for the course flyer.

### ii. [IMCA Trainee AIR Diving Supervisor](#) ~ 06 - 10 August, Singapore

The training is for experienced commercial offshore supervisors and/or air divers who wish to follow the IMCA scheme and gain IMCA qualification.

Alan Rhodes with class of ADS

Feedback received:

- "The materials and Alan's teaching is perfect." - Baljit Singh
- "There were lots of examples and hands-on practice. I will be back for other courses." - L. Steve

The next public-run schedule will be in Sharjah, UAE from 11 - 15 November 2018 or in Singapore from 7 - 11 January 2019. [Click here](#) for the course flyer.

iii. [Client Worksite Representative Course](#) ~ 06 - 10 August, Singapore

This Client Representative acts as the 'eyes and ears' of the client pertaining to safety, planning, system and procedural assurance, day-to-day operations, contractual requirements, and both onshore preparation and offshore operations of a project.

*"On 10 August 2018, the final day of the Client Worksite Representative course, the delegates completed their desk top assignments and worksite scenario by completing their tasks as a representative in the planning and operational phases and required considerations for the allocated tasks. The course test followed and after an intensive week of learning, debate, sharing of lessons learnt and experiences, it was agreed that the week had been extremely beneficial and informative for all."* - Darren Brunton, Trainer

Feedback received:

- *"The most enjoyable part of the course was being educated by someone who can be seen as a leader in the industry and who has a wealth of knowledge."* - S. Lomnitz
- *"The course provided a valuable understanding of the responsibility of the contract and legal requirements for a CSR. It has also provided me with the basis to further my learning and research into the role. The most enjoyable part of the course was the interaction and knowledge sharing among all attendees and the instructor."* - Paul Elliot
- *"The course has been very informative. Darren is a very knowledgeable trainer and the course content was broad. The course will definitely help me develop my career."* - John Marrs
- *"The course had a high level of details and it was up-to-date with the latest regulations and guidelines."* - Glenn Allen

Please [contact us](#) if you are interested to attend the next Client Worksite Representative Course. [Click here](#) for the course flyer.

iv. [Diving System & ROV System Assurance Training Course](#) ~ 13 - 16 August 2018, Singapore

This course will introduce industry personnel to the principles of the Diving System, ROV System and equipment assurance requirements and processes.

*"On 16th August, our delegates from France, Singapore and South Africa, completed the Diving system Assurance Course in Singapore. We had a good four days of training which included auditing a diving system at KBAT's Diver Training Centre in Loyang Offshore Supply Base."* - Darren Brunton, Trainer

Feedback received:

- *"The most interesting part of the course was the onsite audit of a diving system."* - Jonquet
- *"The course gave me the exposure to both the academic and practical aspects of auditing in the numerous discussions held over the four days."* - Shane Lomnitz

Please [contact us](#) if you are interested to attend our next Diving System & ROV System Assurance Training Course. [Click here](#) for the course flyer.

v. [Inland/Inshore Commercial Diver Training](#) ~ CSCUBA (Level 1 from 16 Jul - 10 Aug), SSDE (Level 2 from 13 Aug to 07 Sep), Assessment Only Pathway (AOP) SSDE Diver (18 - 28 Sep), Singapore

SSDE Course Level 2 ~ 13 Aug to 7 Sep 2018

Assessment Only Pathway (AOP) SSDE Diver ~ 18 - 28 Sep

The programme has been designed to encompass an all-rounded knowledge and skills for the delegates as well as to certify the trainees under ISO 29990:2010 Standards with the requirements of the Singapore Standards for Commercial Diving, associated codes of practice and Technical Advisory for Inland/Inshore Commercial Diving Safety and Health. The training includes classroom theory, diving at KBAT's dive tank, diving in the sea, deep diving at a nearby island and a trip to the Singapore Maritime Gallery.

The next training in Singapore - CSCUBA Diver Level 1 will be from 7 - 31 Jan 2019 and SSDE Diver Level 2 course will be from 29 Oct - 23 Nov 2018. Click for [CSCUBA Diver Level 1](#) and [SSDE Diver Level 2](#) course flyer. **Promotional fee** for CSCUBA Diver Level 1 and SSDE Diver Level 2 courses from Jan to Mar 2019. [Contact us](#) for more information and to register.

The [Assessment Only Pathway \(AOP\) SSDE Diver](#) course was held from 18 - 28 September in Singapore. This is designed for experienced divers using Surface Supplied Diving Equipment (SSDE), who wish to gain a recognised diving certification. The next training will be in Singapore from 03 - 14 Dec 2018. [Click here](#) for the course flyer.

For divers who aspire to work offshore internationally upon completion of the 8 weeks Inland/Inshore Commercial Diving Course, delegates now have the option to complete and attain the UK HSE offshore standard at the [Professional Diving Academy \(PDA\)](#) in Dunoon, Scotland via a recognised prior learning agreement.

#### vi. [IMCA Diver Medic Technician / Refresher](#)

Delegates are required to take a [refresher course](#) at the end of second year in order to remain certified as an IMCA recognised Diver Medic Technician.

Feedback received:

- "Wayne made us think of real-life scenarios, there was a chamber on-site and the chamber exercise was useful."- Rashed
- "The trainer was enthusiastic when students shared ideas, experiences and stories related to the lessons."- Ernesto N. Fabia Jr.

- "There were good presentation videos during the course and everything was taught in detail."  
- Vimal Gandhi

The next DMT training will be held in Singapore on the 12 - 23 Nov 2018, 14 - 25 Jan 2019; DMT Refresher training will be held in Singapore from 26 - 30 Nov 2018. [Click here](#) for the course flyer.

DMT 9 - 20 July 2018

DMTR 23 - 27 July 2018

DMTR 13 - 17 August 2018

### 3. First Aid / Medic Department NEWS

#### a) Courses Conducted Over the Past 3 months

- [ISO 29990:2010 Standard Occupational First Aid Course](#) ~ 2 - 4 Jul, 3 - 5 Sep and 19 - 21 Sep 2018, Singapore

This training is approved under SSG SDF Training Grant and SkillsFuture Credit- meaning more subsidy for company or individual sponsored candidates.

Feedback received:

- "Ms Pebbles is awesome. The course was very helpful and the trainer explained it very clearly." - Jeff Belson
- "I've gained additional knowledge on burn management and the use of bandages." - Dennis Bleza
- "Pebbles is very knowledgeable and an engaging trainer. The practical session was relevant." - Jerome Yong

OFA 2 - 4 July 2018

The next course in Singapore will be from 7 - 9 Nov or 3 - 5 Dec 2018. [Click here](#) for the course flyer.

#### 4. Access Department NEWS

##### a) Courses Conducted Over the Past 3 Months

##### i) [IRATA Course](#) ~ 24 - 28 September 2018, Singapore

##### [Dare to Dream ~ Chat with Ainil Nardiyah Bte Mohammad Nazali, KBAT's first female IRATA Level 1 student](#)

24 year old Ainil attended KBAT's IRATA Level 1 course in September 2018. Ainil is a second year student at NAFA studying Graphics Communications. Her love for climbing started while working as a rock climbing instructor at the Adventure Centre at SAFRA Yishun. With her friends' constant encouragement, Ainil signed up for KBAT's IRATA Level 1 course during her school break so that she could take up jobs such as rigging, during the weekends. The spunky young lady who loves heights, adventure and the sun, aspires to pursue a full-time work-at-heights job upon the completion of her studies at NAFA.

If you have aspirations like Ainil to scale new heights with your dream, take the first step. Enrol in KBAT's IRATA course. Our next course in Singapore will be on 5 - 9 Nov, 12 - 16 Nov, 19 - 23 Nov and 26 - 30 Nov 2018. **Promotional fee** for all IRATA courses from now till 30 November 2018. [Click here](#) to find out more.

ii) [ISO 29990:2010 Standard Managing Work-at-Heights Course](#) ~ 26 - 28 September 2018, Singapore

This course provides Supervisors, Assessors or Managers in Singapore to meet the minimum standard for Working at Heights training.

Feedback received:

*"The lessons were conducted well and the practical assessment gave me solid knowledge of safety in the workplace."* - Afizan Bin Zakaria

*"The course gave me greater understanding of Singapore's Work-at-Heights laws. The practical scenarios were simulated to an actual working environment but done in a safe and controlled environment."* - Virgilio Vallejo

Our next course in Singapore will be from 12 - 14 Dec 2018. [Click here](#) to find out more.
