Dear Jeslyn,

With the news of more cost saving measures requested by industry, layoffs of onshore and offshore personnel, lay up of vessels, the overall sentiment and outlook of the industry is not that 'ROSY'. It is in times like this we all need to relook at what we are doing and how we are doing it! At the same time, there are always opportunities that 'appear' during the process of adaption and change. I've recently attended the IOSH Annual Conference in London where one of the opening presentations on 'Leadership' said we need to be like a 'dog'! When the doorbell rings, the dog is ALWAYS the first there - even though it has nothing to do with it!! Taking this logic, we (KBA) are always looking for new opportunities to develop, grow and provide the industry with quality alternative services.

In this newsletter, you will see a snap shot of what KBA Group has been up to recently - with projects in Brazil, China, Australia, Vietnam, UK, UAE to name a few. When the time span of a few months is collectively presented like this - we get a 'WOW' factor of 'we have been busy'. This does not come easy - using the logic of being that dog! With the support of our clients, students, and customers we have been able to be the first for providing various services in many countries, and on many occasions. We wish to thank you for the confidence you've placed in KBA and we look forward to moving through this time of 're-structuring - cost saving' without lowering the quality of services provided; with the view of being the first at the door and the person on the other side actually being you!!!!

*Lots of activities have been happening in KBAT, where we had conducted our first public run MOM accredited **Surface Supplied Diving Equipment (SSDE) Divers Course**, and **Assessment Only Pathway for experienced SSDE Divers** who wish to attain local recognised certification. In our commitment to raise the importance of safety through training, we do need the industry members together*

with WSHC and CDAS to spread the words in order to promote the national commercial diving standards in Singapore. We also saw exciting developments with the recent partnership with Unique Group to offer a series of Health, Safety and Diving courses in UAE and South Africa. This marks an important achievement in our attempt to broaden our overseas training network to bring training closer to our clients.

Other than the upcoming Offshore Europe Exhibition in Aberdeen and IMCA Annual Seminar in Abu Dhabi, we are really excited that we have placed our confirmation for two more new exhibitions - **Subsea Event China**, International Underwater Intervention Conference and Exhibition held in Xiamen on the 06 - 08 Nov as well as **The 4th Cambodia Constructors Association Summit & Construction Industry Expo** held in Phnom Penh, Cambodia on the 03 - 05 Dec 2015.

Plus, don't forget that in celebration of Singapore's 50th birthday, there are a series of training discounts 'SG50' where new sign-ups for selected courses will receive a **50%** or **S\$50 discount** of their training course held in 2015. [Click here](#) for more savings.

We hope that you find our newsletter useful and entertaining - it's long but WOW what a read! Please feel free to contact us with any enquiries or for more information. Join us on Facebook page for regular updates.

Yours Sincerely,

Darren Brunton

1. KBA: Successful Completion of IMCA Surface Supplied Diving Assessment for Shanghai Salvage Company In Accordance with IMCA Experienced Diver Assessment Requirements.

Four groups with a total of 43 experienced divers from Shanghai Salvage Company (SSC) have successfully completed their IMCA Surface Supplied Diver Assessment. The assessment was conducted from the Shanghai Salvage new DP 2 Diving Support Vessel (DSV) Shen Qian Hao while in offshore Shanghai area. The assessments were conducted over a 24-day program from 14th May - 6th June 2015 and carried out in accordance with the International Marine Contractors Association (IMCA) document - 'Competence Assessment of Experienced Surface Supplied Divers'

Group Photo

"Having such a large group of divers on board the vessel was an interesting concept for managing and arranging daily assessment task, however after a short period of time we established a good routine and the Chinese divers work hard and proved to be a very competent divers in the water. I'm also impressed with the work ethic of the Shanghai Salvage Divers both above and below the waterline, they are keen to

embrace the IMCA standards and procedures." said Michael Whelan - KBA Lead Assessor, who has over 30 years of experience as a diver, diving supervisor and HSE commercial diver trainer.

4. Diving Department NEWS

a) New Training Course

i) Graduates of MOM Accredited [Assessment Only Pathway ~ SSDE Divers](#) ~ 26-27 May and 2 - 10 Jun, Singapore **NEW training**

We are pleased to announce the successful completion of the first batch of experienced SSDE divers who underwent the nine-day Assessment Only Pathway programme accredited by Ministry of Manpower Singapore. The candidates had been assessed practically on their knowledge on diving theory and SSDE safe diving practices as well as been assessed practically on their skills and safe diving practices that they would have gained over time and logged dives using SSDE.

Feedback from the candidates have been very encouraging:

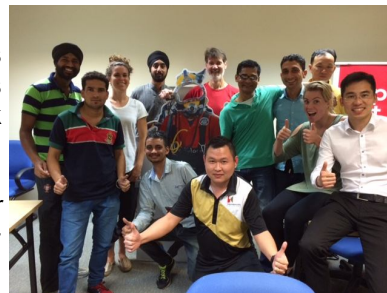

- "I enjoyed the assessments learning process the most, we never learn these safe practices and procedures in our daily operations" **Raymond Wei Wen**
- "The assessments were very useful for SSDE divers. Good hands-on setting up equipment, pre dive checks and in water exercises" **Thornsuwit Thongchuay**
- "I learnt a lot about what to do in an emergency situation, we never practice these procedures in our daily operations. I now feel I can manage a diving emergency as a standby diver with confidence" **Chong Yong Han**
- "Very good Assessment team, knowledgeable instruction staff. The trainers were always clear of the course objectives and happy to answer any questions" **Lim Kia Liang**
- "The practical sessions were realistic and most effective in a way I can remember the objectives. There was lots of variety in tasks and scenarios" **Saravanan Raja Kumar**

We look forward to see more proactive local diving companies to come forward to train their divers in accordance to national MOM Singapore standards. The next training has been scheduled on [06 - 15 July 2015](#), [20 - 29 July 2015](#) or [31 Aug - 09 Sep 2015](#). [Click Here](#) for more photos in our Facebook.

b) Courses Conducted Over the Past 3 months

i) [IMCA Assistant Life Support Technician](#) ~ 20-30 Apr in Singapore

KBA Training held the **IMCA** Assistant Life Support Technician in Singapore and we were really excited to have two ladies in this class (which is rather rare) who both had great fun and lots of learning from the course. Here are some extracts from feedback received by the students at the end of the course:

- "Our instructor Alan Rhodes was very accommodating to all our skills. Very patient & and helpful with all requested help. Brilliant!" - **Jacinda Barclay**
- "I enjoyed the trainers explanation & interactive nature" - **Jayesh Pradhan**
- "Alan is a very engaging lecturer and dedicates himself to making sure every student is working to their full potential" - **Claire Pianta**

This next training is scheduled in **Malaysia**, Kuala Lumpur on 28 Sep - 06 Oct; **Singapore** on 07 - 17 Dec 2015. [Click here](#) for the flyer.

ii) [IMCA Trainee Air Diving Supervisor](#) ~ 30 Mar - 3 Apr in Singapore

KBA NoticeBoard

a) Ergonomic Awareness for KBA team ~ 07 Apr 2015

KBA has engaged a Chiropractic experts to give an awareness talk to the employees as part of the company's initiatives in staff welfare. Dr Greg and team gave a presentation on Ergonomic awareness in the workplace. Start off with a screening of our postures, follow by a 20 min presentation, break into small group and have an one-to-one brief consultation by the doctor on our report to address our specific complaints (neck pain, backache etc). It has been an informative session and enrich the staff on the importance of Chiropractic care.
